

Hoop Gate Installation Instructions

1. The Hoop Gate is comprised of the Tined Gate and the Bridge.

2. The Tined Gate is snapped into the Bridge by lightly pushing the tabs with your thumb.

3. The Hoop Gate is now ready to be installed on the hoop in the trap. After aligning onto the parlor hoop, the Hoop Gate is secured in place by using four aluminum hog rings, which are supplied with the Hoop Gates when purchased.

4. The Hoop Gate is now installed and ready to use.
